THE MILLICENT LIBRARY
FAIRHAVEN, MASS.

My message to the Class of 1983 is to "think before you do." It may seem like a short message, but if we only took the time to think out the why's of our decisions, we would be better prepared for the consequences.

In these difficult times, we are asked to make decisions regarding our government's position on such matters as nuclear armament and inflation. We are also faced with myriad personal decisions such as whether to continue our education or to enter the world of work. All I ask of you is to take the time to "think before you do."

To all the graduates, their parents, and friends, I extend my sincere congratulations.

Slanley J. Desheri 134648

It is with pride and appreciation we dedicate the 1983 Huttlestonian to Mr. Stanley J. Grabiec.

Mr. Grabiec has been the principal, friend, and inspiration to the students attending Fairhaven High School since April 1, 1968.

The class of 1983 wishes you continued health and happiness in the years to come.
